Placement Policy
Indian Institute of Information Technology Guwahati

1. Introduction

Welcome to the Placement Policy Document of the Indian Institute of Information Technology (IIIT) Guwahati. This document provides a comprehensive guide outlining the principles, procedures, and regulations governing the placement process at IIIT Guwahati. It is designed to provide clarity and transparency for all stakeholders, including students, recruiters, faculty, and the placement team.

This document covers various aspects of the placement process, including eligibility criteria, application procedures, code of conduct, and guidelines for recruiters. It also ensures a structured and efficient placement process, promoting fairness and equal opportunity for all eligible students. It is essential for all participants to familiarise themselves with the contents of this document to ensure a smooth and effective placement experience.

2. Eligibility Criteria of the Institute

1. Students must have a minimum Cumulative Performance Index (CPI) of 5.0
2. Students should not have more than one active backlog. ↟
3. Companies may set their own CPI criteria, which could be higher than the minimum required by the institute.
4. Any students previously disbarred by ISDC or any other competent authority prior to or during the placement session due to any unethical activity, may not be allowed to appear in the current session**.**

↟ *Generally specified by the recruiter. But if there are no specifications from the recruiter, the student may be allowed.*

3. Job Categories and Upgradation Policy

1. **A (CTC: 0 - 5.99 LPA):** Students receiving offers in this category can continue to participate in further placements if the new CTC (offer) exceeds 1.5 times the current CTC (offer).
2. **B (CTC: 6.0 - 11.99 LPA):** Students with offers in this category can participate in further placements only if the new CTC (offer) is at least 1.5 times the current CTC (offer) or greater than 12 LPA, whichever is more.
3. **C (CTC: >=12.0 LPA):** Students receiving offers in this category can participate in further placements only if the new CTC (offer) exceeds 2.5 times the current CTC (offer).

**** Upgradation remains a One-Time option for the eligible students.**

** CTC includes the joining bonus and all other applicable perks offered (Relocation, Non-Cash Benefits, Long Term Incentives, Variable Amount, etc)

4. Job Offer for Students

1. The following offers are considered “Jobs” and hence the same policy applies to these.
   A. Full-time job offers without internship component
   B. Full-time offers provided with a full semester internship
   C. Post summer internship PPO
   D. Off-campus placements
   E. Performance-based conversion of final semester internship to full-time offer.

2. Students will be shortlisted as per the institute and recruiter’s criteria, by the placement cell. Those students will be marked as “eligible for XYZ company”.
3. Those eligible Students will be asked if they would like to take part in that company’s recruitment drive.
4. A list of eligible and willing candidate’s list will be shared with the company.
5. If a student is finally shortlisted/selected by the Company's process through the Placement Cell, then that would be considered a Job Offer to the student.
6. If a student withdraws from the recruitment process of any company at any stage (except the final stage) after clearing the first round, he/she will be barred from participating in the recruitment drive of the next 5 companies he/she is eligible for.
7. If a student withdraws from the final interview/final selection round of any company’s recruitment process, he/she will be barred from taking part in the placement process for the next one month.
8. If any student, after accepting an offer, is unwilling/unable to join the company, for pursuing higher studies or for any other reasons, he/she should inform the company and Placement Cell simultaneously as soon as possible. He/she will not be allowed for further drives.
9. In all other cases, if the student does not inform about his/her unwillingness to join the company, he/she will be liable for any further consequences, including referral to the Institute Director or other competent authority for disciplinary actions.
10. In case of parallel recruitment procedures of two or more companies,
    A. If one company declares the final results, and the student is selected, then the student’s candidature will be immediately terminated from all other parallel drives (if it violates upgradation policy), in whichever stage of the recruitment process they are in.
    B. If an unavoidable case of clash of procedures arises then a student may be asked to choose between the companies and hence can only continue in the procedure with the selected company. No change in the decision in this regard will be accepted in any case after advancement in the selection procedure from that point onwards.

5. Student Conduct

1. Students are prohibited from developing personal contacts with companies without informing the placement cell.
2. Providing false information on a CV or taking unfair means in recruitment tests will result in disbarment from placements.
3. Dress code during all the interactions (pre-placement talk/tests/interviews) shall be **Business Formals** unless explicitly stated by the company.
4. While attending campus placements, students must carry with them the following documents:

a. College ID card
b. 2 Passport size colour photographs
c. 2 copies of the updated and signed resume
d. Original documents in a folder
e. 2 sets of photocopies of all relevant documents, and certificates (self-attested)
f. 2 sets of ID Proofs (PAN Card/Aadhar Card/Passport/Driving license)

5. Students need to honor the timelines regarding the documentation formalities, and completion of training as prescribed by the company offering employment.
6. Students need to adhere to the work ethics, rules and regulations, and code of conduct prescribed by the company offering employment.
7. A Company or Institute reserves all rights to disallow any student from applying for placements in case of non-compliance. A show-cause notice will be sent to the students, who are found guilty of any misconduct during campus placements and will be liable for any further consequences which may lead up to barring from campus placements at IIIT Guwahati.
8. Students are required to regularly check the notice board, **institute E-Mail ID,** and Internship Calendar Sheet of the Placement Cell and the institute's website. It will be the student's responsibility to remain informed about placement-related processes and activities.
9. IIIT Guwahati reserves all rights to allow/disallow any student from applying in the placement process in case of any misconduct or use of unfair means.

6. Guidelines for Recruiters

1. The companies must maintain transparency and disclose the Job Description & expected number of Job openings, annual CTC, and selection/cut-off criteria clearly before the beginning of the placement procedure through the company registration form (CRF) shared with them.
2. The companies are requested to announce the result/final shortlist on the day of the campus visit.
3. The company should hand over the final list of selected students (Duly signed by authorized personnel) to the placement in charge.
4. The company shall provide the offer letters to the Placement office. The company shall not provide the offer letters directly to the students. Alternatively, in case the companies are sending e-mail confirmation, the Placement Cell needs to be copied in the e-mail.
5. In case the company is unable to declare the result on the same day, then the student is allowed to participate in other companies until the result is declared. The final status will depend upon who declares the result first. Once the awaited result is received, the selected students will only be allowed to sit for the companies he/she is eligible for, as per the institute's placement policy.
6. Recruiters are advised to adhere to the decided schedule and not delay the results more than **two days** from the final round of the hiring process under any circumstances.
7. The purview of the Placement Cell is restricted only to the offers made as part of the campus placement process.
8. Placement Cell will be the sole point of contact for any communications, and companies should not contact students directly.
9. Any cases of unsolicited persuasion by the companies should be reported to the Placement Cell.

10. Any form of intimation from any company about the possibility of extending PPO in the future must be informed to the Placement Cell. The Placement Cell will coordinate with the company and student regarding this.
11. The companies can not change the declared CTC during or after the placement process.
12. Companies that withdraw offers must provide at least three months' salary as compensation to the affected students and extend an invitation for them to appear in the company's next hiring process or help the student find an alternative job.
13. The placement cell can collaborate with training and placement associations to create a list of companies that withdraw without notice.
14. Recruiters are requested to provide their valuable feedback through our feedback form.
15. Giving final interview/final round slots to the companies will be decided by the IIIT Guwahati Placement cell and it depends on data (such as. CTC, number of possible hires, type of role offered, clause of bond, service contract, etc.) provided by the companies while registering via the CRF.
16. Among the Job roles offered: Confirmed Full-time job offers with/without internship component will have the highest and Performance-based conversion of final semester internship to Full-time offer will have the lowest priority in terms of getting an early slot in the placement season.
